## About Me

Hii! I'm Wai Hong, a Multimedia Artist from Singapore with a passion for creating Art using 2D & 3D Design software. With 4 years of industry experience, I love turning imagination into visuals and constantly pushing myself to learn new skills. Challenges have always fueled my growth as an Artist, both in life and throughout my career. I embrace them by finding solutions through online resources and tutorials independently. My resilience and my passion drive me to keep evolving on my Art Creation Journey.
